### 2. Humanitarian Assistance-Distribution of Masks

Face mask is one of the important protections from infection, however, there have been shortage of masks in shops in Japan.

*RfP* Japan secretariats have launched a project to make hand-made masks with antibacterial processing fabrics. We plan to make 500 hand-made masks and distribute it to day-care centers for kids and elderly.

Also, CCRP kindly offered *RfP* Japan a donation of 10,000 medical surgical masks. As CCRP and *RfP* Japan's collaborative project, *RfP* Japan will distribute donated

masks to those who are most vulnerable. With utilizing *RfP* Japan's network and experience working with social welfare centers and life support centers, *RfP* Japan is selecting groups and places for distributing masks. Masks would be distributed to 1) Refugees living in Japan, 2) Support Centers for people with disabilities, 3) People living on streets, and 4) Healthcare Workers. Masks will be reached to Tokyo Office within this week.

### 3. Encouraging Message

*RfP* Japan Youth Board has launched a campaign of collecting photos and video messages from youths in Japan to send messages of hope and solidarity to those who suffer from COVID-19. Youth Board tries to collect messages as many as possible, and will extend those messages on SNS and websites on *RfP* Japan and *RfP* Japan Youth Board. Please send us your messages to [rfpj-info@wcrp.or.jp](mailto:rfpj-info@wcrp.or.jp).
