Postponing Announcement of ACRP 9th General Assembly due to Novel Coronavirus Outbreak

We, The Asian Conference of Religions for Peace (ACRP) Religions for Peace Asia, regretfully announce all of you that the ACRP 9th General Assembly in Tokyo, which is scheduled for October this year has been postponed due to the spread of COVID-19 infection.

ACRP Executive Council, which is the principal executive organ of ACRP, members also agreed that the re-scheduled Tokyo Assembly be convened in October 2021 on condition first that the pandemic of COVID-19 is under control at that time.

We imagine that all of you in the respective countries are trying to take the on-going challenge caused by COVID-19 as an opportunity so that you can work so committedly for securing a safer and healthier living of people in our region.

Allow us to stress in concluding that we must utilize the Tokyo Assembly in October 2021 as a meaningful platform where we all become mindful for fulfilling our duty and responsibility as Religions for Peace families for a better Asia-Pacific region.

The updates of General Assembly will be announced on our website as soon as it is decided.

Thank you again for your understanding and support. Please feel free to contact the following for any inquiry.
